The Employer

Human Resources Management and Development

Dear Sir/Madam

REQUEST FOR WORKPLACE HOST/PLACEMENT OF LEARNER FUNDED BY MICT SETA

Assured Vocational Skills Institute Pty Ltd (AVSI) has been awarded a **06-Month Work Integrated Learning (WIL) Programme** funded by the **Media, Information and Communication Technologies Sector Education and Training Authority (MICT SETA)**.

The purpose of this programme is to **provide students and learners with an opportunity to gain practical workplace experience and exposure within their respective fields of study**, thereby enhancing their employability and readiness for the world of work.

AVSI and MICT SETA are therefore requesting South African Legal Entities/Businesses to offer a workplace placement opportunity for **PHUTI MANAMELA**, ID No **0205060345084**, for the duration of the six-month Work Integrated Learning programme.

The learner will receive a **monthly stipend of R3,800** for the duration of the six-month placement. The host company is welcome to augment the stipend, should there be a budget available; however, this is not an obligation.

The learner is required to commence workplace placement from **01 September 2026 to 28 February 2027**.

The host company is also not obligated to permanently employ the learner upon completion of the WIL placement. However, where opportunities arise and the learner has demonstrated the required competencies, work ethic and suitability for the organisation, permanent employment would be a positive outcome of the programme.

The employer is requested to provide the following for the duration of the WIL placement:

- A clear **Job Description and Workplan/Performance Agreement** aligned to the learner's field of study.
- An **assigned mentor/supervisor** to guide and support the learner throughout the placement.
- Relevant **workplace training and orientation** where necessary.
- Relevant **work resources, tools of trade and equipment** required for the learner to perform their duties.
- A **conducive and enabling work environment** that allows the learner to gain meaningful practical workplace experience.
- Opportunities for the learner to apply and develop the knowledge and skills acquired through their studies.

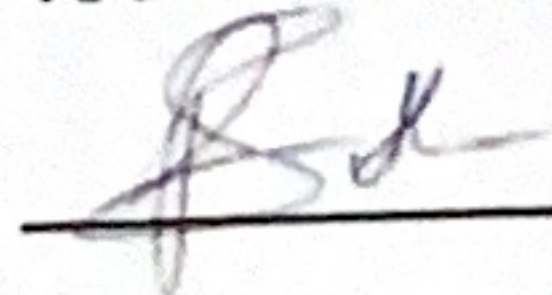

The learner will be required to report to the host workplace from **01 September 2026**, and the placement will run until **28 February 2027**, constituting a period of six months.

AVSI will coordinate the placement and provide the necessary programme documentation and support to facilitate the successful implementation of the Work Integrated Learning programme.

We kindly request your favourable consideration of this placement opportunity and look forward to establishing a mutually beneficial partnership that will contribute towards the learner's professional development and transition into the workplace.

Thanking you in advance for your consideration and support.

Yours Sincerely,

Ms. Peggy Sithole

AVSI Managing Director
